9. Margin of Preference

9.1 If the BDS specifies a margin of preference to goods manufactured in Uganda for the purpose of bid comparison, the following procedures will apply:

(a) Lubaga Hospital will first review the bids to confirm the appropriateness of the classification, and to identify the bid group classification of each based upon bidders' declaration of origin.

(b) All evaluated bids in each group will then be compared to determine the lowest evaluated bid of each group. If, as a result of the preceding comparison, the lowest evaluated bid is from Group B it will be further compared with the lowest evaluated bid from Group A, after adding to the evaluated bid price of goods offered in the bid for Group B, for the purpose of further comparison only an amount equal to fifteen (15) percent of the ex-factory/ex-warehouse bid price. The lowest-evaluated bid determined from this last comparison shall be selected for the award.

10. Determination of Best Evaluated Bid or Bids

10.1 The bid with the lowest evaluated price, from among those which are eligible, compliant and substantially responsive shall be the best evaluated bid. If this Bidding Document includes more than one lot, the best evaluated bid shall be determined separately for each lot.

10.2 Notwithstanding paragraph 10.1, if this Bidding Document allows Bidders to quote different prices for single lots and for the award to a single Bidder of multiple lots, the Lubaga Hospital shall conduct a further financial comparison to apply any conditional discounts. The bid or bids offering the lowest priced combination of all the lots shall be the best evaluated bid or bids.

E post-qualification

Lubaga Hospital shall undertake a post qualification on the Best Evaluated Bidder to confirm whether the best evaluated bidder has the capacity and financial resources to execute the procurement.

If any tax rates are increased or decreased, a new tax is introduced, an existing tax is abolished, or any change in interpretation or application of any tax occurs in the course of the performance of the Contract, which was or will be assessed on the Provider, its Subcontractors, or their employees in connection with performance of the Contract, an equitable adjustment to the Contract Price shall be made to fully take into account any such change by addition to or reduction from the Contract Price, as the case may be.

19.3 The Performance Security shall be in one of the forms stipulated by the Hospital in the SCC, or in another form acceptable to the Hospital.

19.4 The Performance Security shall be discharged by the Hospital and returned to the Provider not later than twenty-eight (28) days following the date of completion of the Provider's performance obligations under the Contract, including any warranty obligations, unless specified otherwise in the SCC.

20. Copyright

The copyright in all drawings, documents, and other materials containing data and information furnished to the Hospital by the Provider herein shall remain vested in the Provider, or, if they are furnished to the Hospital directly or through the Provider by

any third party, including Providers of materials, the copyright in such materials shall remain vested in such third party.

21. Confidential Information

21.1 The Hospital and the Provider shall keep confidential and shall not, without the written consent of the other party hereto, divulge to any third party any documents, data, or other information furnished directly or indirectly by the other party hereto in connection with the Contract, whether such information has been furnished prior to, during or following completion or termination of the Contract. Notwithstanding the above, the Provider may furnish to its Subcontractor such documents, data, and other information it receives from the Hospital to the extent required for the Subcontractor to perform its work under the Contract, in which event the Provider shall obtain from such Subcontractor an undertaking of confidentiality similar to that imposed on the Provider under GCC Clause 21.

21.2 The Hospital shall not use such documents, data, and other information received from the Provider for any purposes unrelated to the contract. Similarly, the Provider shall not use such documents, data, and other information received from the Hospital for any purpose other than the design, procurement, or other work and services required for the performance of the Contract.

21.3 The obligation of a party under GCC Sub-Clauses 21.1 and 21.2 above, however, shall not apply to information that:

(a) the Hospital or Provider need to share with any institution participating in the financing of the Contract;

(b) now or hereafter enters the public domain through no fault of that party;

(c) can be proven to have been possessed by that party at the time of disclosure and which was not previously obtained, directly or indirectly, from the other party; or

(d) otherwise lawfully becomes available to that party from a third party that has no obligation of confidentiality.

21.4 The above provisions of GCC Clause 21 shall not in any way modify any undertaking of confidentiality given by either of the parties hereto prior to the date of the Contract in respect of the Supply or any part thereof.

21.5 The provisions of GCC Clause 21 shall survive completion or termination, for whatever reason, of the Contract.

22. Subcontracting

22.1 The Provider shall notify the Hospital in writing of all subcontracts awarded under the Contract if not already specified in the bid. Subcontracting shall in no event relieve the Provider from any of its obligations, duties, responsibilities, or liability under the Contract.

22.2 Subcontracts shall comply with the provisions of GCC Clauses 3 and 7.

23. Specifications and Standards

23.1 Technical Specifications and Drawings

(a) The Provider shall ensure that the Supplies and Related Services comply with the technical specifications and other provisions of the Contract.

(b) The Provider shall be entitled to disclaim responsibility for any design, data, drawing, specification or other document, or any modification thereof provided or designed by or on behalf of the Hospital, by giving a notice of such disclaimer to the Hospital.

(c) The Supplies and Related Services supplied under this Contract shall conform to the standards mentioned in the Statement of Requirements and, when no applicable standard is mentioned, the standard shall be equivalent or superior to the official standards whose application is appropriate to the country of origin of the Supplies.

23.2 Wherever references are made in the Contract to codes and standards in accordance with which it shall be executed, the edition or the revised version of such codes and standards shall be those specified in the Statement of Requirements. During Contract execution, any changes in any such codes and standards shall be applied only after approval by the Hospital and shall be treated in accordance with GCC Clause 34.

24. Packing and Documents

24.1 The Provider shall provide such packing of the Supplies as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the Contract. During transit, the packing shall be sufficient to withstand, without limitation, rough handling and exposure to extreme temperatures, salt and precipitation, and open storage. Packing case size and weights shall take into consideration, where appropriate, the remoteness of the Supplies' final destination and the absence of heavy handling facilities at all points in transit.

24.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the Contract, including additional requirements, if any, specified in the SCC, and in any other instructions ordered by the Hospital.

25. Insurance

Unless otherwise specified in the SCC, the Supplies provided under the Contract shall be fully insured, in a freely convertible currency from an eligible country, against loss or damage incidental to manufacture or acquisition, transportation, storage, and delivery, in accordance with the applicable Incoterm or in the manner specified in the SCC.

26. Transportation

Responsibility for transportation of the Supplies shall be in accordance with the Incoterm specified in the SCC.

27. Inspections and Tests

27.1 The Provider shall at its own expense and at no cost to the Hospital carry out all such tests and/or inspections of the Supplies and Related Services as are specified in the Statement of Requirements.

27.2 The inspections and tests may be conducted on the premises of the Provider or its Subcontractor, at point of delivery, and/or at the Supplies' final destination, or in another place in Uganda as specified in the Statement of Requirements. Subject to GCC Sub-Clause 27.3, if conducted on the premises of the Provider or its Subcontractor, all reasonable facilities and assistance, including access to drawings

and production data, shall be furnished to the inspectors at no charge to Hospital.

27.3 The Hospital or its designated representative shall be entitled to attend the tests and/or inspections referred to in GCC Sub-Clause 27.2, provided that the Hospital bears all of its own costs and expenses incurred in connection with such attendance including, but not limited to, all travelling and board and lodging expenses.

27.4 Whenever the Provider is ready to carry out any such test and inspection, it shall give a reasonable advance notice, including the place and time, to Lubaga Hospital. The Provider shall obtain from any relevant third party or manufacturer any necessary permission or consent to enable Lubaga Hospital or its designated representative to attend the test and/or inspection.

27.5 Lubaga Hospital may require the Provider to carry out any test and/or inspection not required by the Contract but deemed necessary to verify that the characteristics and performance of the Supplies comply with the technical specifications codes and standards under the Contract, provided that the Provider's reasonable costs and expenses incurred in the carrying out of such test and/or inspection shall be added to the Contract Price. Further, if such test and/or inspection impedes the progress of manufacturing and/or the Provider's performance of its other obligations under the Contract, due allowance will be made in respect of the Delivery Dates and Completion Dates and the other obligations so affected.

27.6 The Provider shall provide the Hospital with a report of the results of any such test and/or inspection.

27.7 The Hospital may reject any Supplies or any part thereof that fail to pass any test and/or inspection or do not conform to the specifications. The Provider shall either rectify or replace such rejected Supplies or parts thereof or make alterations necessary to meet the specifications at no cost to the Hospital, and shall repeat the test and/or inspection, at no cost to the Hospital, upon giving a notice pursuant to GCC Sub-Clause 27.4.

27.8 The Provider agrees that neither the execution of a test and/or inspection of the Supplies or any part thereof, nor the attendance by the Hospital or its representative, nor the issue of any report pursuant to GCC Sub-Clause 27.6, shall release the Provider from any warranties or other obligations under the Contract.

28. Liquidated Damages

If so stated in the SCC and except as provided under GCC Clause 33, if the Provider fails to deliver any or all of the Supplies or perform the Related Services within the period specified in the Contract, the Hospital may without prejudice to all its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to the percentage specified in the SCC of the Contract Price for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of the percentage specified in those SCC. Once the maximum is reached, the Hospital may terminate the Contract pursuant to GCC Clause 36.

29. Warranty

29.1 The Provider warrants that all the Supplies are new, unused, and of the most recent or current models, and that they incorporate all recent improvements in design and materials, unless provided otherwise in the Contract.

29.2 Subject to GCC Sub-Clause 23.1, the Provider further warrants that the Supplies shall

be free from defects arising from any act or omission of the Provider or arising from design, materials, and workmanship, under normal use in the conditions prevailing in Uganda.

29.3 Unless otherwise specified in the SCC, the warranty shall remain valid for twelve (12) months after the Supplies, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the SCC, or for eighteen (18) months after the date of shipment or loading in the country of origin, whichever period concludes earlier.

29.4 The Hospital shall give notice to the Provider stating the nature of any such defects together with all available evidence thereof, promptly following the discovery thereof. The Hospital shall afford all reasonable opportunity for the Provider to inspect such defects.

29.5 Upon receipt of such notice, the Provider shall, within two weeks or such other period specified in the SCC, expeditiously repair or replace the defective Supplies or parts thereof, at no cost to the Hospital.

29.6 If having been notified, the Provider fails to remedy the defect within the period specified in Sub-Clause 29.5, the Hospital may proceed to take within a reasonable period such remedial action as may be necessary, at the Provider's risk and expense and without prejudice to any other rights which the Hospital may have against the Provider under the Contract.

30. Patent Indemnity

30.1 The Provider shall, subject to the Hospital's compliance with GCC Sub-Clause 30.2, indemnify and hold harmless the Hospital and its employees and officers from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the Hospital may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract by reason of:

(a) the installation of the Supplies by the Provider or their use in Uganda or where the Site is located; and

(b) the sale in any country of the products produced by the Supplies.

Such indemnity shall not cover any use of the Supplies or any part thereof other than for the purpose indicated by or to be reasonably inferred from the Contract, neither any infringement resulting from the use of the Supplies or any part thereof, or any products produced thereby in association or combination with any other equipment, plant, or materials not supplied by the Provider, pursuant to the Contract.

30.2 If any proceedings are brought or any claim is made against the Hospital arising out of the matters referred to in GCC Sub-Clause 30.1, the Hospital shall promptly give the Provider a notice thereof, and the Provider may at its own expense and in the Hospital name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim.

30.3 If the Provider fails to notify the Hospital within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the Hospital shall be free to conduct the same on its own behalf.

30.4 The Hospital shall, at the Provider's request, afford all available assistance to the Provider in conducting such proceedings or claim, and shall be reimbursed by the Provider for all reasonable expenses incurred in so doing.

30.5 The Hospital shall indemnify and hold harmless the Provider and its employees, officers, and Subcontractors from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the Provider may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract arising out of or in connection with any design, data, drawing, specification, or other documents or materials provided or designed by or on behalf of the Hospital.

31. Limitation of Liability

Except in cases of gross negligence or wilful misconduct:

(a) neither party shall be liable to the other party for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Provider to pay liquidated damages to the Hospital; and

(b) the aggregate liability of the Provider to the Hospital, whether under the Contract, in tort, or otherwise, shall not exceed the total contract value or such other amount specified in the SCC, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment, or to any obligation of the Provider to indemnify the Hospital with respect to patent infringement.

32. Change in Laws and Regulations

Unless otherwise specified in the Contract, if after the date of the Bidding Document, any law, regulation, ordinance, order or bylaw having the force of law is enacted, promulgated, abrogated, or changed in Uganda or where the Site is located (which shall be deemed to include any change in interpretation or application by the competent authorities) that subsequently affects the Delivery Date and/or the Contract Price, then such Delivery Date and/or Contract Price shall be correspondingly increased or decreased, to the extent that the Provider has thereby been affected in the performance of any of its obligations under the Contract. Notwithstanding the foregoing, such additional or reduced cost shall not be separately paid or credited if the same has already been accounted for in the price adjustment provisions where applicable, in accordance with GCC Clause 15.

33. Force Majeure

33.1 The Provider shall not be liable for forfeiture of its Performance Security, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

33.2 For purposes of this Clause, "Force Majeure" means an event or situation beyond the control of the Provider that is not foreseeable, is unavoidable, and its origin is not due to negligence or lack of care on the part of the Provider. Such events may include, but not be limited to, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.

33.3 If a Force Majeure situation arises, the Provider shall promptly notify the Hospital in writing of such condition and the cause thereof. Unless otherwise directed by the Hospital in writing, the Provider shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

34. Change Orders and Contract Amendments

34.1 The Hospital may at any time order the Provider through notice in accordance with GCC Clause 8, to make changes within the general scope of the Contract in any one or more of the following:

(a) drawings, designs, or specifications, where Supplies to be furnished under the Contract are to be specifically manufactured for the Hospital;

(b) the method of shipment or packing;

(c) the place of delivery; and

(d) the Related Services to be provided by the Provider.

34.2 If any such change causes an increase or decrease in the cost of, or the time required for, the Provider's performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract Price or in the Delivery/Completion Schedule, or both, and the Contract shall accordingly be amended. Any claims by the Provider for adjustment under this Clause must be asserted within twenty-eight (28) days from the date of the Provider's receipt of the Hospital's change order.

34.3 Prices to be charged by the Provider for any Related Services that might be needed but which were not included in the Contract shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the Provider for similar services.

35. Extensions of Time

35.1 If at any time during performance of the Contract, the Provider or its subcontractors should encounter conditions impeding timely delivery of the Supplies or completion of Related Services pursuant to GCC Clause 12, the Provider shall promptly notify Hospital in writing of the delay, it's likely duration, and its cause. As soon as practicable after receipt of the Provider's notice, the Hospital shall evaluate the situation and may at its discretion extend the Provider's time for performance, in which case the extension shall be ratified by the parties by amendment of the Contract.

35.2 Except in case of Force Majeure, as provided under GCC Clause 33, a delay by the Provider in the performance of its Delivery and Completion obligations shall render the Provider liable to the imposition of liquidated damages pursuant to GCC Clause 28, unless an extension of time is agreed upon, pursuant to GCC Sub-Clause 35.1.

36. Termination

36.1 The Hospital may, by not less than thirty days written notice of termination to the Provider (except in the event listed in paragraph (f) below, for which there shall be a written notice of not less than sixty days), such notice to be given after the occurrence of any of the events specified in GCC Clause 36.1 (a) to (g), terminate the Contract if:

(a) the Provider fails to remedy a failure in the performance of its obligations within thirty days or within such other period agreed between the Parties in writing;

(b) the Provider becomes, or if any of the Provider's members becomes, insolvent or bankrupt or enters into any agreements with their creditors for relief of debt or take advantage of any law for the benefit of debtors or go into liquidation or receivership whether compulsory or voluntary other than for a reconstruction or amalgamation;

(c) the Provider fails to comply with any final decision reached as a result of arbitration proceedings pursuant to GCC Clause 10.2 hereof;

(d) the Provider submits to the Hospital a statement which has a material effect on the rights, obligations or interests of the Hospital and which the Hospital knows to be false;

(e) the Provider is unable as the result of Force Majeure, to perform a material portion of the Services for a period of not less than sixty days;

(f) the Hospital, in its sole discretion and for any reason whatsoever, decides to terminate the Contract;

(g) the Provider, in the judgment of the Hospital, has engaged in corrupt, fraudulent, collusive or coercive practices in competing for or in executing the Contract; or

(h) where the Tribunal directs that a contract should be terminated.

36.2 The Provider may, by not less than thirty days written notice to the Hospital, such notice to be given after the occurrence of any of the events specified in GCC Clause 36.2 (a) to (d) terminate the Contract if:
